5. Special Instructions: *Any operator may send message traffic directly to their respective HUB. After sending Winlink Messages be sure to check your outbox to make sure the message was sent, and initiate an additional session later to capture any potential reply confirming your message was received at the EOC. 1. Leeward EOC will collect all reports and forward them to Honolulu - EOC - Net Control AH6T. 2. Use of Hub and Spoke will be used for the communities of Waianae due to terrain issues. 3. Stations with Winlink but no RF connection can send messages via Telnet message traffic to: KH6OWL 4. All stations should set Radio up to use as digipeaters so other operators may go through your radio to reach other RADO via VARA FM.											
6. Prepared by (Communications Unit Leader): Name: <u>Stacy Holbrook KH6OWL</u> Signature: <u>/s/ Stacy Holbrook</u>
