

No one is presently available to manage radio operations in the Hawaii-South district during this drill. Please consider your neighboring districts on the Big Island and review their ICS-204 and ICS-205s.

Hawaii Section Emergency Coordinator Clem Jung KH7HO has asked me to provide the following guidance:

If you wish to participate in this drill, please review the neighboring district or county's ICS-204 and ICS-205 to determine the frequencies and hubs that may be reachable from your district. Contact your adjoining district's DEC.

Both Voice and Winlink have roles in this drill. See Participant's Timeline Checklist for details by time.

Please remember to keep track of any contacts to or from you on an ICS-309 form and provide to your DEC after the drill.

If you need help during the drill there is a zoom link available from 0830 - 1430, with the Hotwash occurring beginning at 1330. Zoom link:
